

Public Health Disinfection

PROTECTING YOUR REPUTATION.

Protecting your employees and guests from illness is important in maintaining a healthy, productive operation.

Be proactive and help prevent the spread of illness with vigilant hard surface disinfection:

- ▲ Choose products effective against the Influenza A virus
- ▲ Disinfect hard surface areas frequently, including the following:
 - Furniture
 - Door handles/push plates/railings
 - Restroom surfaces and locker rooms
 - Light switches/elevator buttons
 - Check in counter
 - Fitness equipment
- ▲ Provide employees and guests with a safe, clean environment backed by the world-class products and expertise of Ecolab

Talk to your Ecolab Representative to learn how customized solutions can help keep your operation safe and secure.

HELP PREVENT THE SPREAD OF ILLNESS.

Ecolab offers a variety of proven disinfecting products effective against a broad range of bacteria and viruses. Your Ecolab Representative can help select products and recommend procedures that are right for your operation.
