2021 Virtual Action Summit

You have 30 minutes to tell a Member of Congress how Covid impacted your business. What do you say?

The 2021 Virtual Action Summit provides you with a direct line to your Members of Congress and it's absolutely **FREE** to attend. COVID-19 is the single worst economic event in the history of the hotel industry and many businesses continue to struggle. This summit is your opportunity to advocate for your business, your employees and urge Congress to provide additional relief to jumpstart our recovery!
