

## Connecting You to Green Building Incentives

AHLA is partnering with IncentiFind, the go-to database of green building incentives. IncentiFind is your connection to easy-to-use data and streamlined action steps for incentive capture. With your AHLA Membership, you can access IncentiFind products at a special rate and add value to your properties - see how below:

### Follow a Simple 3-Step Process

**1. SEARCH - with incentive data that is always updated and accurate**

You can quickly search incentives for properties and trust our search results. Our proprietary data model keeps incentive information up-to-date and ready-to-use in every stage of property development - both commercial and residential. Start your search [here](#).

**2. VERIFY - with a Special Rate of \$350 per VERIFY Report**

The VERIFY Report is your comprehensive guide to incentive savings: Generate an estimate of savings, find all incentives available for your property, and receive streamlined action steps for incentive capture. See membership pricing below.

**3. APPLY - with APPLY Services to manage each incentive application**

We have experts in incentive capture to prepare, submit, and track each application for you. This service is for non-tax related incentives in the U.S. and has a success fee of 30% for each incentive payout.

### Become a Portfolio Customer

If you have 10+ properties, then you qualify as a portfolio customer. Receive all of the benefits of the 3-Step process listed above - with this added feature: Your properties are organized into a [Portfolio Dashboard](#) so that you can easily access your incentive results. Get started with our [Portfolio Template](#). Contact Grace Bennett to learn more about our portfolio pricing.

### Portfolio Pricing Schedule

Properties in portfolio	Price per property
Properties 1 - 9	\$350
Properties 10 - 50	\$200
Properties 51 - 100	\$150
Properties 101+	Contact for Pricing
