

# Are You Concerned about OSHA and HIPPA Compliance or Data Privacy?

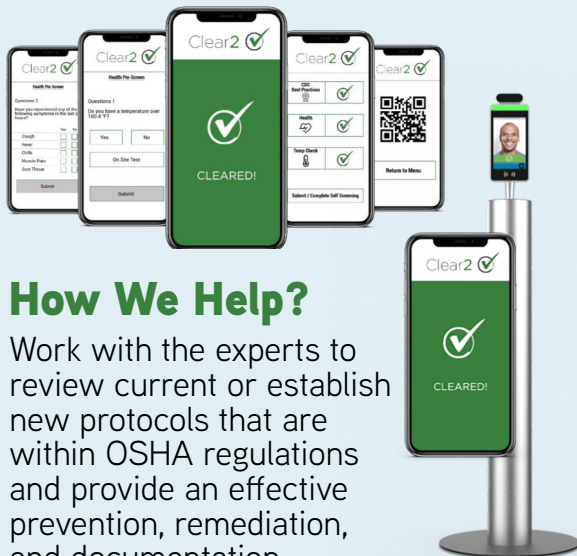

*has you covered!*

Clear2 is a comprehensive health screening, vaccine and testing management solution created by HB NEXT

With over 20 years of experience in workplace safety, consulting, and compliance.

## How We Help?

Work with the experts to review current or establish new protocols that are within OSHA regulations and provide an effective prevention, remediation, and documentation process around the rapidly evolving problem of how to protect people.
