

## **HURRICANE SEASON: BE PREPARED. BE SAFE.**

### **TIPS FOR PROPERTY OWNERS**

#### **COMPLETE A WRITTEN PLAN**

Make sure everyone in your residence or building knows and understands your hurricane plan. Practice with your team, friends and family, and identify your communication process. BluSky can assist with a Disaster Plan Solution for commercial buildings.

#### **REVIEW IMPORTANT DOCUMENTS**

Make sure all critical insurance documents are up to date. Make copies and keep them in a secure protected digital space.

#### **GATHER SUPPLIES**

Be sure to have water, blankets, first aid kits, flashlights, batteries, radios and chargers easily accessible.

#### **KNOW YOUR EVACUATION ZONE**

Learn and practice your evacuation routes and meeting locations with your team, friends, or family. Communicate clearly so everyone knows the plan. In commercial buildings, be sure the evacuation plan is visually placed throughout the property.

**Restoring Your Property and Your Life**  
For a Brighter Tomorrow™
