

Hotels Need Targeted Relief to Survive

Only major Hospitality & Leisure segment yet to receive direct aid.

No industry has been harder hit by the pandemic than hotels.

Government-issued travel bans and restrictions, which were needed to help slow the spread of the virus, wiped out 10 years of job growth.

Impact and Relief by Industry

	Airlines	Live Events	Restaurants	Hotels
Job Loss	105,600 ¹	612,500 ²	1.17 million ³	566,900 ⁴
Unemployment Rate	8.9% ⁵	14.5% ⁶	11.8% ⁷	19.9% ⁸
Targeted Federal Aid	\$40 Billion ⁹	\$16 Billion ¹⁰	\$28.6 Billion ¹¹	\$0

While many other hard-hit industries have received targeted federal relief, the hotel industry has not. Urgent action is required to support the hotel industry in order to prevent permanent losses and keep hotel workers employed.

Focused solely on saving hotel jobs, the Save Hotel Jobs Act would provide financial support for hotels' payroll to retain or rehire workers.

The Save Hotel Jobs Act will provide a lifeline to hotel workers and businesses, providing the assistance needed to keep working and keep the lights on until travel returns.
