

**The Aqua Mizer Solution – Find Hidden NOI for your Hotels with our Complimentary Evaluation.**

**The Aqua Mizer Solution will save thousands of gallons of water, but only our complimentary evaluation can tell you if our water savings translates to real dollars. Saving water doesn't always mean generating NOI. As Water Experts we can calculate your consumption savings opportunity and apply the corresponding costs to find out what the real value is for your asset.**

**To find out what we can do for you we need:**

**Property Address**

**Number of rooms and any back of house toilet counts**
