PROTECTION MATTERS

With industry-leading protective design and antimicrobial properties, AllerEase® Professional provides superior mattress and pillow protection, engineered exclusively for hotels.

Antimicrobial fabric helps to reduce the occurrence of bacteria, mold, and mildew—protecting your guests and the investment in your guest rooms. Offering not only bacteria blocking capabilities, AllerEase's antimicrobial barrier inhibits growth of microbes.

Six-sided protection fully encases mattresses, and pillow protector options shield and extend the life of your pillows.

MATTRESS ENCASEMENTS

PILLOWS

PILLOW PROTECTORS

HOW TO PROTECT YOUR MATTRESSES FROM BACTERIA, MOLD, MILDEW, DUST MITES, ALLERGENS, SPILLS, AND BED BUGS.

The DuraFlex™ Zip-off Top on our Platinum Mattress Encasement zips off easily for laundering and sterilization, while the patented side panel design remains elevated and covered as clean tops are reinstalled.

Antimicrobial protection paired with ease of laundering provides peace of mind.
